## Humpty Dumpty Room Decoration

It is our priority to shape positively the child's living space with aesthetic values since young age. Our designs are based on simple lines and a minimalist form – often inspired by children's drawings. Rooms decorated with our wallpapers favour the concentration and development of children. Our patterns serve as background to inspire creativity, inviting into a world of fantasy and design. We accept individual orders and custom sizes, as well as adapt colours and flexible design elements. Our customers are encouraged to come forward with their own design ideas.

We welcome cooperation with shops, design agencies and developers of housing projects.

---

Dbamy o to, aby nie zakłócić przestrzeni dziecka, która od najmłodszych lat kształtuje jego zmysł estetyczny. Nasze wzory opierają się na prostej kresce i minimalistycznej formie, inspirowanej często dziecięcymi rysunkami. Pokoje ubrane w nasze tapety pozwalają na koncentrację i rozwój dziecka. Wzory będące jedynie tłem, pobudzają kreatywność oraz zapraszają najmłodszych do świata fantazji i designu. Realizujemy zlecenia pod indywidualny wymiar, dopasowujemy kolorystykę, zmieniamy układ elementów wzoru, wykonujemy projekty zaaranżowane według koncepcji klienta.

Zapraszamy do współpracy sklepy, biura projektowe, biura deweloperskie.
